Your Future Starts Here

May 2016

Cologne Academy Family-

My favorite time of the year happens in the fall, when everyone comes back to school! For many, the buzz around campus is how many days of school are left in this school year. My reply is, "but there are only 97 more days until the first day of school this fall!" From either perspective, it is evident that the 2015-2016 school year was successful and the outlook on years ahead appears even better. Students made significant academic gains this school year. In addition to their increased knowledge of content, they grew in citizenship and in friendships, they grew emotionally and socially and most certainly, they have grown vertically! We have a very busy calendar for the remaining week of school. If you are able to come to this Friday's OSA at 9AM, it will be worth your trip to school! Please see the side calendar for all important dates.

I hope your summer is filled with activities that your family enjoys and many great memories are made.

From all of us at Cologne Academy, thank you for your partnership and we look forward to seeing you soon!
